NEW RULE (approved by M1 membership vote of 20-15 on April 30, 2017)

1. Men's Division 1 student-athlete shall have five (5) years of ACHA eligibility. If, the student- athlete was on an NCAA DI, DII, DIII or a Canadian University (CIAU) roster the student-athlete is restricted to five (5) years of ACHA Men's Division 1 play, minus his time at the NCAA DI, DII, DIII or Canadian University (CIAU) level.
2. An NCAA player who has completed his NCAA DI, DII or DIII eligibility (four years) shall not be permitted to participate on an ACHA team at the university where he completed his NCAA career or for any other ACHA DI team.
3. ACHA student athletes attending and playing on a two-year Junior College shall have three (3) years of the allotted five (5) years of ACHA eligibility. If the student athlete subsequently transfers to a four-year university or college, he will be permitted to complete his five (5) year eligibility minus the time spent on a National Junior College Athletic Association (NJCAA) roster.

IMPLEMENTATION

Prospective Application - The five-year eligibility rule for ACHA M1 will be applied prospectively and not retroactively. Student-athletes who have exhausted four (4) years of eligibility as of the conclusion of the 2016-2017 season will not be permitted to play a fifth year of ACHA M1 hockey (i.e., 2016-2017 seniors will not be awarded a bonus fifth year of eligibility to play in 2017-2018).

Eligibility Clock - Beginning with the 2017-2018 season, a student-athlete will have five calendar years in which to play up to five seasons of competition. The five-year clock starts 1) when the student-athlete is rostered on a collegiate team (rostered covers either practice or game competition), regardless of level (ACHA, NCAA, NAIA, etc) OR 2) when the student-athlete turns 21 years of age, regardless of whether or not the student-athlete has played college hockey, ***whichever event occurs first***.

Thereafter, the eligibility clock continues, even if the student-athlete spends an academic year in residence as a result of transferring, if the student-athlete does not attend school or even if the student-athlete goes part-time during his college career.

As a result of the prospective application, the first season in which a fifth-year student-athlete can participate in ACHA M1 play will be the 2018-2019 season.

# Years Played as of the 2016-17 season	Final Season of Eligibility To play in M1	Final Season of Eligibility To play in M2/M3
0	2021-2022	2021-2022
1	2020-2021	2020-2021
2	2019-2020	2019-2020
3	2018-2019	2018-2019
4	2016-2017	2017-2018
5	2016-2017	2016-2017

New M1 Programs in 2017-2018 - Fifth-year student-athletes from programs entering M1 for the 2017-2018 season (Calvin College, New York University and University of Nevada, Las Vegas) will not be able to play ACHA M1 hockey in 2017-2018.

ACHA M2/M3 Players - Fifth-year student-athletes from ACHA M2/M3 programs will not be able to play ACHA M1 hockey in 2017-2018.

Further, please be advised in light of the vote by the ACHA M1 membership, the ACHA Executive Board unanimously voted to amend the Operational Standards in the ACHA Manual to state that the five year eligibility provision applies to all five ACHA Divisions with an effective date of August 1, 2017.

Redshirt Rule – Beginning with the 2017-2018 season, the redshirt rule will no longer be in effect or utilized.

Graduate Students - Beginning with the 2018-2019 season, M1 student-athletes will be limited to two (2) years of play while enrolled in a second baccalaureate degree or graduate program at the same Institution he/she attended as an undergraduate during the immediate preceding season and the student has eligibility remaining. The intent of the "graduate student in ACHA M1" exception is to permit current ACHA M1 student-athletes who have completed their undergraduate degree program before exhausting their ACHA M1 eligibility to continue playing ACHA M1 hockey as a graduate student for whatever period of eligibility they have remaining, up to two (2) years.

Nationals – Beginning with the 2018-2019 season, no M1 student-athlete may participate in more than five (5) national tournaments (including regional tournaments).

NAIA Hockey – The ACHA Executive Board unanimously agreed ACHA student-athletes who transfer to a NAIA Hockey program are subject to a one-year residency rule. Therefore, a student-athlete who has been rostered on an ACHA roster and thereafter transfers to an NAIA Hockey program cannot participate in any NAIA Hockey activities for 365 calendar days from the time the student-athlete enrolls at the NAIA Hockey program's institution. During the one-year residency rule period, the student-athlete must take the minimum credit requirement at the NAIA Hockey level to maintain eligibility.

Further, student-athletes who are rostered on a NAIA Hockey program will have four (4) years of eligibility.

1. No player, coach or team manager may be the point of contact who signs this season overview document. This must be an employee of the school that the club team reports to. Examples of appropriate contacts to sign off include: Club Sports Director, Athletic Director, Student Activities Director, etc.
 2. Teams that fail to submit this signed document to the Women's D2 Commissioner via email by October 15 will be fined \$500 and considered not in good standing until resolved. As with all other fines, any outstanding fines not paid by the final ranking date of the season will result in a team not being eligible for Nationals in that season.
- E. Schedules are to be submitted to the Commissioner before a team's first game of the season.
- F. Lack of intent to participate in the National Tournament must be submitted via email to the Women's Division 2 Commissioner by October 1 of each season. Any team that does not state their lack of intent to participate by October 1 and qualifies for the National Tournament but opts not to attend will be ineligible for Nationals the following season and will be fined \$500. [2023]
- G. Women's Division 2 teams that do not meet the deadlines for eligibility forms and team/player requirements and registration materials prior to their first scheduled game or October 15 (whichever comes first) shall be fined \$200.00 and shall be deemed "not in good standing" until the fine is paid and paperwork received. [2022]
1. Teams may request an extension, in writing via email prior to the deadline, to the Women's D2 Commissioner. Teams that have been granted an extension will only be fined if they fail to submit their eligibility form after the established due date for the extension.
 2. All fines must be paid prior to the end of the regular season (before the final ranking period ends) or the team will not be eligible for that season's National Tournament and may face possible suspension.

Section 4 Women's Division 2 Team Operational Standards

- A. Honoring scheduled game commitments is a requirement. Any ACHA Women's Division 2 Team that fails to honor a confirmed scheduling commitment (confirmed with a signed game contract or other verification, including e-mail agreement to play or a game scheduled on the ACHA website) except under an Act of God or circumstances outside their control, without giving twenty-eight days' notice, is responsible to pay for

all costs associated with the game, including, but not limited to, ice rental fees and referees.

1. If a team forfeits more than two (2) games in a season, regardless of whether these games were scheduled in the same weekend or different weekends, they are no longer eligible for Nationals in that year. [2018]
 - a. Any team not eligible for Nationals would not count in the required number of teams to qualify for a league auto bid (see separate sections regarding conference auto bids). [2023]

2. A team will be fined \$300 for their third forfeit and every forfeit after that in a given season. [2018]
 - a. Any fines not paid by the women's breakout meeting at Naples in April will result in a team being not in good standing with the ACHA.

3. After 3 forfeits in the same season, a team is automatically "not in good standing" with the ACHA and will be placed on probation until the end of the next season. While on probation in the next season, any forfeit immediately disqualifies the team from Nationals that season. [2020]

Clarifying example: If a team forfeits 3 games in the 2020-21 season, they are immediately ineligible for 2021 Nationals and are on probation until the end of the 2021-22 season. If they forfeit one game in 2021-22 season while on probation, they are again not eligible for 2022 Nationals.

4. If a game is cancelled within the 28-day window, it must be communicated to the Commissioner. Any game cancelled in this window is a forfeit until the Commissioner says otherwise. 'Acts of God' causing a game to be cancelled will not result in penalty. Other situations must be communicated to the Commissioner for review.
5. If a team forfeits a scheduled game (a scheduled game is defined as being agreed upon in writing between both teams) with less than 28 days notice, that forfeited game will not count towards their minimum requirement for Nationals eligibility for the forfeiting team only.

- B. All Women's Division 2 players must wear same color jerseys and socks during all ACHA games. A \$25 USD fine per game will result in failing to

do so. All outstanding fines must be paid prior to the end of the regular season or the team will not be eligible for the National Tournament in that season. [2022]

1. All Women's Division 2 players are encouraged, but not required, to wear same color helmets, and hockey pants during the regular season.
2. During the ACHA National Championships, participating teams are required to have the same color pants, wearing matching shells as needed, and matching colored helmets [2024].

C. Game Day Requirements. Teams will be fined \$25 USD per game for violating one or multiple game day requirements. Fines must be paid prior to the end of the regular season or the team will not be eligible for the National Tournament in that season. [2022]

1. Locker rooms standards: Private rooms provided for all visiting teams
2. Must use official ACHA scoresheet
3. Scoresheet must be correctly filled out

D. Reporting Scores

1. Only ACHA games between two W2 teams shall be recorded on the ACHA website. [2019]
2. All game information must be entered into LeagueStat by the home team within 24 hours after games played Friday or Saturday, and by midnight for games played Sunday.
3. Scores must be texted to the Commissioner by the home team immediately after a game.
4. There shall be a \$10 fine for each late texted score, late entered scores online, or late unreported DQ's.
5. Include ALL GAME Disqualifications with your texted score and follow up with an email. The email must include teams, DQ player, penalty details, and copy of scoresheet.

E. Voting at the Annual Meeting [2022]

1. Women's D2 teams shall be permitted to participate in and vote on division specific policies remotely during the W2 breakout session that takes place during the ACHA Annual Meeting.

2. The Commissioner will set up an option (such as Zoom) for teams to call in, which shall be sent out via email in advance of the meeting. The day and time of the breakout session will be pre-determined.
3. Note: This option for remote voting does not include voting for the General Session of the ACHA Annual Meeting. All voting for proposals that impact to all five ACHA divisions must be conducted in person. W2 teams are still encouraged to attend the Annual Meeting in person to vote on ACHA proposals.

Section 5 Team Communication Structure

- A. Each team may only have one representative to communicate directly with the ACHA and must be identified at the start of the season. These team representatives are the only ones entitled to speak directly to the ACHA. This role can be served by the Head Coach, Assistant Coach, team captain, etc.
- B. All communication to the ACHA administration shall be directed through this individual. Players or other parties shall not approach ACHA administrators regarding issues that are more appropriately addressed with official team contacts. Any violation of this rule may result in forfeit of a bid to the national tournament and/or suspension of membership within the ACHA.
- C. The main contact for Women's Division 2 teams is the division Commissioner. The Commissioner shall acknowledge receipt of any emails within 72 hours.

ARTICLE II PLAYER ELIGIBILITY REQUIREMENTS

Section 1 General Player Eligibility

- A. Non-compliance with ACHA player eligibility rules will result in a forfeiture of all games in which an ineligible player was used.
- B. Any player that is an NCAA or CIS ice hockey rostered player may not participate in the ACHA Women's Division 2 during the same season. This rule applies to any NCAA or CIS ice hockey player regardless of whether or not the NCAA or CIS and ACHA programs exist at the same institution. An NCAA or CIS ice hockey rostered player is defined as any player who as any player who is rostered in any game, exhibition or otherwise, for their respective team regardless if they actually skated in that game. Players who are red-shirted shall also be included in this rule. [2015]

- C. No new Women's Division 2 players may be added to a team roster after January 31. To add new players to a roster after October 31 for the remainder of the fall semester, the following procedures must be completed:
1. From November 1 through January 31, the following procedures for adding a player to a W2 roster must be completed – in their entirety – by Monday at 11:59 PM for the player to be eligible to participate in the upcoming weekend of games [2019]
 - i. The player must complete all online registration steps, as required by Women's Division 2.
 - ii. The team must add the registered player(s) to its ACHA website roster.
 - iii. The team must create a new Academic Eligibility Form, listing only the player(s) being added to the roster, and submit that file to the school registrar.
 - iv. The school registrar will complete the supplemental Academic Eligibility Form and mail it to the W2 Commissioner.
 - v. The W2 Commissioner will review all Academic Eligibility Forms received by the Monday deadline and verify that the player is fully registered with the ACHA and the team's ACHA roster is updated.
 - vi. If all requirements have been met at that time, the W2 Commissioner will approve the request and inform the team no later than Thursday at 9:00 PM.
 2. If there is missing information or incomplete steps, the W2 Commissioner will inform the team of the deficiency by Thursday at 9:00 PM; the player/coach will not be approved for the current week and the request must be re-submitted by the deadline of the following week.
 3. If the roster addition does not meet W2 requirements, the W2 Commissioner will inform the team of the denial of the roster addition by Thursday at 9:00 PM
- D. For schools with multiple ACHA Women's Division teams, player movement between teams is as follows:

1. A W2 player may move up to the W1 team at any point until January 31.
2. W2 players may move up and down between W1 and W2 (for example playing on the W2 team Friday, on the W1 team Saturday, and back on the W2 team on Sunday). However, once a W2 player is rostered in (defined as listed on the game scoresheet) 3 games as part of the W1 team, they may no longer move back down to W2. [2024]
3. A W1 player may only move down to W2 if they have been rostered (defined as listed on the game scoresheet) in 3 or fewer of the W1 team's scheduled games for that season. Additionally, any movement of a W1 player down to a W2 roster must take place prior to December 1. W1 players may not move down to W2 rosters after December 1. [2023]
4. Any movement of players between Division 1 and Division 2 teams must be communicated to the Division 2 Commissioner and Women's Vice President before player can participate on new team. The movement must also be immediately reflected on the team's roster.
5. Schools with both W1 and W2 teams can double roster one
 - i. goaltender in case of an emergency until Jan. 31.

Section 2 Women's Division 2 Academic Requirements

A. Women's Division 2 undergraduate student athletes must be enrolled in a minimum of nine (9) credit hours, at all times, at the university or college at which the team is located. [2024] – *NOTE: this updated requirement will go into effect starting in the 2025-26 season; for the 2024-25 season, all W2 players only need to be enrolled in a minimum of 6 credits to be eligible.*

1. Women's Division 2 student-athletes need to be considered degree-seeking students by the institution [2024]. An equivalent standard shall be applied to institutions utilizing a quarter system. For guidance, an average full-time student typically enrolls in 5 courses worth 3 credits each (15 credits).
2. Women's Division 2 student athletes must successfully complete (i.e., pass) a minimum nine (9) credits per semester or eighteen (18) credits each academic year to be eligible for play in the following semester or year. An equivalent standard shall be applied to institutions utilizing a quarter system.

3. If a player is a graduate student, they are only required to be enrolled in a minimum of 6 credit hours per semester. Grad students must also be degree seeking.[2024]
 4. If a college or university registrar reports a player as a full-time student, for example in the context of a co-op or other type of nontraditional academic program, that player will be considered eligible.
- B. Women's Division 2 student athletes in the last semester or quarter prior to completing their degree are required to enroll in a minimum of three (3) credit hours. Teams must submit prior notice to the Women's D2 Commissioner if a player is entering their final semester and will only be enrolled in 3 credits.
- C. A player's eligibility is based on the current GPA and credits reported at the time that each semester's eligibility form is completed by the institution's registrar. Fall eligibility will be based on final grades and credits from January to July. Spring eligibility is based on grades and credits from August to December. [2024]
1. If a player takes summer courses after the completion of their spring semester, before the start of the fall semester, the results of their summer class credits shall be accepted as their latest academic standing. In other words, if a player did not finish their spring semester with the required 2.0 GPA, but took summer classes before the start of the fall semester and was able to raise their cumulative GPA to a 2.0 or higher at the institution of the member team they are playing for, they will be considered eligible for the fall semester. The same will be true for players taking winter courses between the end of their fall semester before the start of their spring semester.
- D. If a player transfers from one ACHA member school to a different ACHA member school, they are required to provide an up to date copy of their transcript at the time their new team's eligibility form is submitted. Transfer students are still required to meet all academic requirements. If they would not have been eligible to continue playing on the team they transferred away from, they are not eligible to start playing on a new team. [2024] Clarifying Examples:
- If a player transfers mid-year (after playing in the fall semester at one team, and starts playing at a different team in the spring semester), or after the academic year and starts playing on a new team at the start of a new season, the player must have closed out

their time at the prior institution with a 2.0 GPA or higher.

- If a player is not able to verify they earned a 2.0 or higher at the prior institution before transferring, they will not be eligible to play on the new team until the new team's registrar is able to report their GPA as 2.0 or higher on the eligibility form.

ARTICLE III RULES OF PLAY

Section 1 NCAA Rule Book Exceptions for Women's Division 2

- A. Women's Division 2 teams must comply with the NCAA game rules except:
1. Women's Division 2 teams do not need to comply with the two (2) goaltender rule but can dress no more than nineteen(19) skaters if they dress only one (1) goaltender.
 2. Team maximum dress requirements are 19 skaters and 2 goaltenders; or 18 skaters and 3 goaltenders.
- B. Women's Division 2 teams must start a game with 6 eligible players in uniform excluding goaltenders. Failure to meet this requirement shall result in a forfeit to the offending team. Teams wishing to play with 5 players may request via writing special permission from the Commissioner to play the game.

Section 2 Women's Division 2 Provisions

- A All regulation pre-game on-ice warm-ups in Women's Division 2 games shall be at least five minutes (5:00) long. The maximum regulation warmup time shall be ten minutes (10:00) long, running time. The length of on-ice warm-ups, falling between 5 and 10 minutes, shall be determined by the home team.
- B All regulation periods in Women's Division 2 games must be twenty minutes (20:00) long, stop-time. The home team shall provide notice of what time visiting teams and referees shall step onto the ice either by way of clock rundown or verbal notice to team. To avoid confusion, the "game time" listed on the website should be the time everyone takes the ice.
- C Home teams must plan accordingly so that all games are played using 20 minute periods. Any game length that is less than three twenty-minute (20:00) stop-time periods shall be deemed a forfeit for the home team, with the following exception: A game that is curfewed by rink management, or otherwise suspended for a reason out of control of the participating teams, after the game is halfway through the third period would count as a regular game.

D Ice cuts will be determined according to available ice; at least one resurfacing is recommended but not required. As referenced above, a game that is played until there are 10 minutes remaining in the third period will count as a regular game if rink management curfews the game. Any game ended before this point will be a forfeit for the home team.

E All ACHA Women's Division 2 games require appropriately certified officials. Officials must maintain active USA Hockey membership (Level 3 or higher) and be able to provide proof of testing or certification for the NCAA rulebook (active NCAA, NIHOA, or other nationally recognized and sanctioned organization's membership certifications appease this requirement). [2022]

F On-ice officials' mechanics and systems shall be consistent with NCAA rulebook procedures. Approved officiating systems for the regular season are two referees-zero linesman, two referees-one linesman, and two referees-two linesmen. [2022]

G If after regulation time (three, 20-minute periods) a game is tied, all Women's Division 2 teams must play one five-minute, 3-on-3 overtime period. If after five minutes of OT the game remains a tie, the game is recorded as a tie. Shootouts shall not be used to determine a winner [2022].

H Games between a Women's Division 2 team and a Women's Division 1 team shall be played according to Women's Division 1 rules, even if the Division 2 team is the home team. These games will not be used for rankings purposes, however as stated below in ARTICLE IV Section 2 Ranking Eligibility, a limited number of W1 games may count toward a W2 team's minimum number of required ACHA games to qualify for Nationals.

Section 3 Women's Division 2 Game Protocol

- A. No team shall enter the ice until the game officials are on the ice.
- B. Fifteen pucks per team shall be supplied by the arena or host for warm-ups.
- C. Teams shall enter the ice on a clean ice surface.
- D. The warm-up period shall be at least 5 minutes. This will be the time listed on the schedule.
- E. 20-minute FIRST period
- F. --- Ice Cut Optional ---
- G. Only starting 6 players go directly to the ice, remaining players go directly to the bench.
- H. Any needed stretching can take place off ice before gate doors are open.
- I. 20-minute SECOND period
- J. --- Ice Cut Recommended ---
- K. Only starting 6 players go directly to the ice, remaining players go directly to the bench.

- L. Any needed stretching can take place off ice before gate doors are open.
- M. 20-minute THIRD period.
- N. If tied after regulation, teams remain on the ice for 2-minute timed rest period.
- O. Followed by 5 minute (3 on 3) sudden death overtime
- P. Off Ice
 - 1. Host or Arena shall supply clock operators and scorekeeper as needed
 - 2. Host or Arena can opt for arena music between periods or between whistles for fans.
 - 3. Host or Arena can remove any fans deemed "rowdy" or "unruly" or a threat to any of the "on-ice" participants, fans, or staff.

ARTICLE IV RANKING PROCEDURES

Section 1 Women's Division 2 Ranking Provisions

- A. Women's Division 2 shall be divided into four geographic regions (Northeast/Southeast/Central/West) for ranking purposes. Team region assignments shall be reviewed and proposed by the Vice President and Commissioner after the ACHA Annual Meeting each year for the upcoming season. [2019, 2020]
 - 1. If a current W2 member team in good standing is in consideration to be moved from their current region to a different region for the upcoming season, the team will be notified via email from the Commissioner following the Annual Meeting.
 - 2. All appeals to rulings or decisions made by the division Commissioner may be made to the Appeals Committee via the proper procedure, outlined earlier in this manual.
- B. Women's Division 2 will rank each region by using an independent computer ranking system. [2018, 2019]
 - 1. The Commissioner shall be responsible for coordinating the compilation of the rankings (teams, scores, etc.) with the rankings provider.
 - 2. The W2 computer rankings shall be compiled using results of only games played between two ACHA women's D2 teams, and only teams in good standing and meeting all eligibility requirements shall be listed in the ranking. [2019]

3. A team that declares they will not accept a bid to Nationals by the Oct. 1 deadline will not be included in the published rankings for the remainder of the season.
4. Games that are ruled forfeits shall not be recorded in the computer ranking. It will remain on the ACHA schedule on the website to reflect the forfeit. The forfeiting team will lose .05 points to their total computer ranking score for each forfeit. [2024]
 - The forfeiting team will also forfeit the game counting for unique opponents and total games played related to eligibility requirements for Nationals. The team that gets forfeited against will still be able to count the game towards their total games and unique opponents.
5. The computer ranking process will be conducted as follows: [2024]
 - A ranking based on a Goal Differential of 1 (GD1) and a ranking based on a Goal Differential of 7 (GD7) will be calculated. Goal Differential is the max game score taken into account, and winning by more than 7 goals does not benefit a team. The average of the GD1 and GD7 rankings will be used as the official ranking. [2024]
 - Ties in the ranking based on the average score of GD1 and GD7 will be broken by GD1.
 - The computer ranking will take overtime into account, meaning it will give positive weight to teams that tie in regulation and play an overtime period.

C The Women's Division 2 will publish rankings on the following schedule:

1. One in November, one in December, one in January, two in February, one in March. [2018, 2019]
2. Each ranking period will end at 11:59pm on a Sunday night, and will include all games played up until that point. Any game that is not completed or reported by that time will not be included in that ranking period but will appear in the next ranking period.
3. The final ranking period will close at least two weeks before the start of the National Tournament.

4. The Commissioner will announce the official dates of each ranking period in June ahead of the upcoming season.

Section 2 Ranking Eligibility

- A. ACHA Women's Division 2 teams must compete in a minimum of fourteen (14) games per season against at least eight (8) different ACHA W2 teams to be eligible for an invitation to the National Championship. [2022]
- B. A W2 team may play up to two (2) W1 teams in two (2) total games to contribute towards their minimum of 8 unique opponents required to be eligible for Nationals. Those games would be counted towards their unique opponents and unique games, but not factored into the computer ranking. The maximum number of games against W1 opponents that will be acceptable in the count of 14 total games needed to be eligible for Nationals is 2. [2024]
 - Clarifying example: If a W2 team plays 6 unique W2 teams in 12 total games, and 2 W1 opponents to add two more games for a total of 14 games, that is allowed.

Section 3 Ranking and Score Distribution

Results of monthly rankings and scores of all games shall be distributed to members in good standing in each division within one week of the completion of the ranking process.

ARTICLE V NATIONAL TOURNAMENTS

Section 1 Sponsorship

- A. The ACHA shall annually sponsor a National tournament to feature the top teams in Women's Division 2. The tournament will provide a focal challenge in intercollegiate competition, to support positive recognition for collegiate hockey, and to showcase the achievements of individual programs and their players.
- B. The location will be approved by the ACHA Board of Directors and announced at the ACHA Annual Meeting.
- C. The name of the tournament shall be the ACHA Women's Division 2 National Championships.

Section 2 Tournament Format

- A. The Women's Division 2 National Tournament shall consist of a single

tournament involving sixteen (16) teams. [2021]

- B. All teams will be guaranteed 3 games.
- C. The tournament shall be a five-day tournament. Days 1-3 will be reserved for pool play, day four will be reserved for the semi-final matchups, and day five will be reserved for the championship game.
- D. Pre-tournament events, such as the mandatory Coaches' Meeting scheduled for the evening before games begin, shall also be considered part of the official tournament schedule
- E. The sixteen invited teams will be divided into four pools with four teams in each pool. Teams will play the other three teams in their pool. [2021]
- F. To qualify to play in a semi-final game, a team must win their pool. The format would follow: winner pool A vs winner of pool C, and pool B winner vs pool D winner.
- G. Tournament policies, rules and regulations will be emailed to all teams participating in Nationals ahead of the event. This document is the official manual, and this information trumps all other sources of information around the tournament.

Section 3 Selection of Teams

- A. Invites to compete in the national tournaments shall be extended to teams based on national rankings, and automatic bids for identified league winners.
- B. The ACHA shall extend an invitation to Nationals (auto bid) to any ACHA recognized W2 league/conference.
 - 1. A recognized W2 league/conference is defined as the following [2021]:
 - A recognized W2 league must have received a formal ACHA league designation by applying to the ACHA.
 - Applications for new league designations are to be submitted to the W2 Commissioner for review no later than April 1 to be considered for the next season.
 - The league must consist of 6 or more W2 ACHA-registered teams belonging to the same W2 region, all in good standing with the ACHA and with 6 or more teams that are declared to attend Nationals if they qualify.
 - At the time of application, at least 6 of the teams must have been ACHA-registered and in good standing for no less than two years consecutively, and the aggregate win percentage

of all proposed league members must be .6 or greater against divisional-region opponents for the previous two seasons. The Commissioner will evaluate league application and determine designation status accordingly.

- A league in good standing with the ACHA is awarded one auto bid to the National Tournament. Recipient of the auto bid is determined by the membership of the league itself, ex. by league playoff championship, league standings, league rankings, etc. The league must notify the ACHA how their auto bid will be determined via writing by Sept. 1 for that season.
- Once a league receives designation, at least 6 teams must remain in good standing with the ACHA at all times to maintain overall league standing. Additionally, to count towards an auto bid, the league/conference must have at least 6 teams declared to attend Nationals. [2023]
 - Clarifying example: if you have 8 teams in your conference, at least 6 must intend to go to Nationals. If you have 6 teams and one or more declare they are not going to Nationals, the conference will not receive an auto bid.
- If something changes for a conference mid-season that affects their ability to meet the 6 team minimum to qualify for a league auto bid, a conference may submit a waiver request to the W2 Commissioner to consider allowing the conference to keep their auto bid. [2023]
- A recognized league/conference can only give their auto bid to a team ranked in the Top 70% of their region's final ranking of that season. [2023]
 - Example: Ranking period #5 - Southeast Division
 - Team X wins CHE Playoffs, granted Auto bid; That playoff winner must be ranked in top 70% of rankings of top 10 of 15 teams to count.
 - Ranking #5 – ranking of Team X that won CHE playoffs is ranked #11. Team X would not receive auto bid.
- At the discretion of the commissioner, a league not in good standing is subject to possible fines, possible loss of their auto bid, or loss of overall league designation.

C Teams shall accept or decline the bid in writing within 24 hours of being invited.

1. All teams must declare their intent to participate or not in the National Tournament by October 1 of each season. If a team declares that they will attend Nationals, and declines an invitation,

- that team will lose one season of eligibility for Nationals and will be fined \$500.
- 2 Teams may not rescind their declaration to participate after October 1, even if it is before invitations to Nationals go out.
 - Exception under an Act of God or circumstances outside team's control would be reviewed by the Commissioner.
- D. In the event of a tie in the national ranking, the computer ranking with the Max Goal differential of 1 will be used to break the tie. [2018]
- E. Women's Division 2 teams are not eligible for participation in the national tournament during their first year of membership. The exception to this rule is if the schools already has an existing ACHA team in another division, the W2 team will be immediately eligible for post-season play (see Part 2, Article 1, Section 2, Part D of this manual). Note: Former Member Programs will be considered a first-year team after one season of non-membership status.
- F. Any Women's Division 2 team that returns to Women's Division 1, after having moved to Women's Division 2 for two seasons or less, will be on probation for 1 year and ineligible for the Women's Division 1 National Championship. Women's Division 2 teams moving up to Women's Division 1 who have been a member of Women's Division 2 for three seasons or more, OR who have never participated in Women's Division 1, shall be eligible for the Women's Division 1 National Championship immediately.

Section 4 Women's Division 2 Tournament Seeding

- A. Invitations to Nationals will be determined by the computer rankings, and a pre-determined number of teams from each region will be invited. The allocation of how many teams are invited to Nationals per region will be revisited every season based on fluctuation of number of teams competing per region. The number of teams invited to Nationals per region will be confirmed each year at the Annual Meeting for the upcoming season. [2024] The exception is as follows:
1. As defined in Section 3 of this manual, recognized W2 leagues will receive an automatic bid towards the National Tournament. If a team earns an automatic bid and was not ranked by the computer ranking in the top positions of their region invited to nationals, they will be placed in the lowest seeded position and the team that was ranked in that position by the computer ranking will be bumped out. [2019, 2020]
 2. In the event that there is more than one team in which this applies, the team with the highest winning percentage will take the higher seed.

3. Recognized conferences must maintain at least 6 teams in good standing with the ACHA that are all declared to participate in Nationals to be eligible for an auto bid. If one team of the 6 minimum teams is not intending to go to Nationals as of the October 1 deadline or after, the league/conference is not eligible to receive an auto bid. [2023]
- B. If any of the invited teams decline their invitation, the spot will be offered to the next highest ranked team, in the respective Region. As stated in Section 3, there is a penalty for declining an invitation to nationals.
- C. Pools are pre-assigned the 1 and 2 seeds for their respective regions. The remaining seeds will be assigned by random draw before the final ranking [2024]
 - Pool A – NE1, SE2
 - Pool B – SE1, W2
 - Pool C – W1, C2
 - Pool D – C1, NE2
 The remaining seeds will be randomly assigned prior to the final ranking.

Section 5 Player Eligibility

- A. Evidence of the eligibility of each player shall be submitted by the registrar of each team's university using the eligibility form that was given to each team's main point of contact by the Women's Division 2 Commissioner.
- B. Any team challenging the eligibility of any player in a regional/national tournament shall do so in writing to the Commissioner.

Section 6 Women's Division 2 Officiating System

All ACHA Women's D2 National Championships games (pool play, semi finals and final) shall utilize a 4-person (2 referees-2 linesmen) officiating system. [2022]

Section 7 Rules of Play

- A. The National Tournament games shall consist of three (3) periods, each of which shall be twenty (20) minutes long, with resurfacing between each period.
- B. In the event of ties in records in tournament competition, the higher standings will be determined by below. In cases where multiple teams are tied and move to pool play tiebreakers, all teams proceed through the tie breaker list, and the calculation of tiebreakers does not restart as teams are eliminated. The winners of the semifinal games would proceed

to the finals at which the higher seed team would be the Home team.

- Head to head competition;

Section 8 Women's Division 2 All-Tournament Recognition

The ACHA National Tournament Director shall organize an All-Tournament Team Awards Committee which shall select first and second all-tournament teams and a tournament MVP. Awards shall be furnished and paid for by the ACHA.

Section 9 Operation Standards

- A The Women's Division 2 Commissioner shall maintain a "National Tournament Standards Manual" which shall be provided to the ACHA National Tournament Director in order to communicate the requested minimum operational standards of the tournament. This document shall be updated each year following the tournament and annual meeting.
- B The National Tournament Standards should include, but are not limited to, information supporting the following:
 - 1. The host for each national tournament should work with the National Tournament Director to develop the game schedule in accordance with the official game format outlined in this document. Final approval of the game schedule shall come for the ACHA National Tournament Director.
 - 2. The host for each national tournament should be responsible for

having a Certified Athletic Trainer present at each tournament game in accordance with the standards in the tournament manual. This information should be outlined in a Medical Emergency Plan and submitted to the ACHA National Tournament Director prior to the tournament.

3. The host should utilize experienced minor off-ice officials and designate an official tournament scorer(s) and game announcer(s) for the event.
4. All official tournament communication with participating teams shall come from the ACHA National Tournament Director rather than the host, in order to maintain one standard of communication and provide the ACHA an opportunity to verify information before it is communicated to teams.
5. All National Tournament teams are required to stay at the list of lodging provided by the ACHA. Not doing so will result in a \$1,000 fine.
6. The host should make provisions for arranging media coverage for the tournament event and accommodating the broadcast representatives of each participating program.
